Schedule of Investments	1 finding
-------------------------	-----------

>5% of net assets *MUST* be disclosed by name per ASC 946-210-50-6.

F-005 HIGH/CERTAIN ACCEPTED

Concentration · p. 12 · Other private equity investments (aggregated)
The Schedule of Investments aggregates \$158M (6.3% of NAV) under 'Other private equity investments' without name-level disclosure. ASC 946-210-50-6 requires name-level disclosure of any investment >5% of net assets.

Citation: ASC 946-210-50-6
Fix: Break out the constituent investments within the aggregated line by name; verify any single name >5% of NAV is separately disclosed.

Notes to Financial Statements	1 finding
-------------------------------	-----------

Disclosure infrastructure. Significant accounting policies through subsequent events.

F-015 MEDIUM/CERTAIN RESOLVED

Cross-references · Note 11 · p. 28
Note 11 (Commitments and Contingencies) references 'as described in Note 12(b)'. Note 12 is the Financial Highlights note and does not have a sub-section (b). The reference is broken.
Fix: Locate the intended reference (likely Note 7 — Management Fees and Carried Interest sub-section b, or Note 8 — Related Party Transactions). Correct the reference.

Evergreen-accepted findings

F-014 · Statement of Cash Flows · Election-out narrative

Reason: Auditor accepted the brief language in FY2023 and FY2024. Fund meets all four scope criteria; brevity is intentional. (2024-05-15)
